

Epson EX30

Proven performance.
Smart choice.

EPSON[®]
EXCEED YOUR VISION

Reliable performance

3LCD Technology Advantages:

- **3-Chip Optical Engine:** All 3LCD projectors use a 3-chip optical engine to deliver incredibly bright, true-to-life color.

3LCD Image Chips

A better way to see.

Rich, vibrant color

3LCD Technology Advantages:

- **High Color Light Output** – 3LCD projectors consistently deliver high Color and White Light Output so images, video and text always looks their very best.

Image from projector with equal Color and White Light Output.

Image from projector with lower Color than White Light Output.

A better way to see.

Reliable performance

3LCD Technology Advantages:

- **No Color Wheel:** 3LCD projectors do not rely on a spinning color wheel to produce color and do not suffer from “the rainbow effect” or “color break-up.”
- **Road-Tested Reliability:** 3LCD technology has been the world leader for 19 years and has consistently been the choice of users who demand the long-life performance and reliability.
